High Security Pre-printed Stationery with Hologram is utilized for issuing vehicle passes to vehicles transporting dredged material across manual dredging kadavus under the Kerala Maritime Board to eliminate forged vehicle passes, prevent illegal sand trafficking, ensure operational transparency, and maintain government-fixed price structures. Pursuant to G.O (P) read 1st above, M/s C-DIT, the designated Total Solution Provider in Security Holography and Security Printing, has been entrusted for printing the stationery since 2014 and the stationery was redesigned to incorporate the emblem of the Kerala Maritime Board.

To address stock exhaustion in field offices and prevent disruption to manual dredging operations, M/s C-DIT has submitted a comprehensive technical and financial proposal as per read 2nd above, for the production and supply of 2 lakh nos of High Security Hologram Vehicle Passes for the manual dredging zones under KMB.
